Diary of a horny woman with more than time on her hands

housewife hussy

Most evenings of the week you can find me and my husband Jay at some ethnic restaurant or another. That's one advantage to living so close to a big city: we're not restricted to the local joints if we want ethnic food. We can eat Korean or Thai. We really enjoy the variety.

The same holds true for sex: variety. That's why we have an open marriage. Of course, we're not slobs about it. For one thing, we're always together in the evening, even if it means passing up some chances. We both have enough opportunities during the day, every day.

I'm a housewife and Jay owns a computer repair shop. Between walk-ins and "house calls," he gets lots of chances and grabs all the good ones. And I grab as much as I can get my hands on too.

This past week, though, I didn't spend a single evening in a restaurant—or with Jay. A group of his old army buddies had a reunion, which meant no wives. He went and I stayed behind, catching up on missed opportunities. I'm sure Jay was as busy as I was.

Saturday morning, when he left, I planned on doing the wash but the machine was broken so I called up for service. I hoped they'd send that muscular Italian hunk and not that wimpy little guy they sent the last time. But they couldn't send anyone at all till Monday and I had too much laundry to wait, so I took a trip down to the local laundromat.

The number of men there surprised me. Two in particular caught my eye: One was tall, red-bearded, with reddish-blond hair and a slight accent. He pointed to an open machine and I talked to him while keeping an eye on the other guy. That guy was dark-haired, green-eyed and had on shorts that showed off his legs, which were muscular and very hairy. The thing I noticed most was his tongue. Every once in a while, as he sat reading a book, his tongue would come out and lick his lips so suggestively that I wondered what the hell he was reading.

As I talked to the "Redbeard," I brushed against him with my am or hip as often as I could get away with, standing close and absorbing his male essence. I knew he'd get the message. Sure enough, when his clothes were placed in the dryer he asked me if I'd like to have a cup of coffee. I hated to get out of sight of "Snake Tongue," but I didn't want to look uninterested, so I said yes.

One thing led to another and it all led to the three of us in a pickup truck. Seems Snake Tongue and Redbeard were friends and had come to do their wash together. I meant to bring them back to my house, but I was so eager to make sure they understood what I was inviting them for that I put one hand on the crotch of each while in the truck. Thank goodness for bench seats; with bucket seats we'd have never fit the three of us in the front.

Next thing I knew, I was unzipping Redbeard's pants without even realizing what I was doing while my other hand was curled firmly around Snake Tongue's shaft. I guess he'd unzipped himself in anticipation. I was jerking the two of them in unison and all the while Snake Tongue was still driving. He pulled off the road, finally; it was that or go off while driving. We found a secluded area and I got down to it for real.

After slipping off my panties and pulling up my dress,

I'd been amused as I stood there, watching the boys struggle to stuff their rigid cocks back into their pants. I shivered a little; even in the South it gets chilly at night...

I sat myself down on Redbeard's lap. It was easy to slide his swollen shaft up my hungry hole; the juices of my sex were cascading down and lubricating my inner walls, my panties and even the bench seat where I'd been sitting. I rolled to my left and Redbeard followed till we were in an awkward position on our sides, but one that allowed me to lean down to Snake Tongue's lap and take his blunt-headed club between my lips.

A gasp from Snake Tongue told me my technique hadn't faltered. I ran my tongue around the tip, and then sucked a little more in. I then ran my tongue around and took a little more in till finally all of his thick cock was buried down almost to my tonsils. As I slowly sucked the length of Snake Tongue's dick, Redbeard continued to thrust his cock in and out of my quivering hole from behind. I squirmed and gyrated, twisting my hips with the force of his increasingly powerful thrusts.

Snake Tongue had a short fuse—or maybe it was just that the sight of me, impaled on Redbeard's pole, added to the fire that was burning in his loins. All I know is that I didn't have much time at all to enjoy the delicious feel of his big pulsing prick in my mouth before I was rewarded with a saline spray of warm, thick cum, followed by a forceful expulsion of a large thick glob of it, which was followed by a few small trickles. I sucked hard, trying to get the last drops, but Snake Tongue's rod was shriveling fast.

Meanwhile, Redbeard's lust was churning his balls to a frenzy and were driving his hips to a mad rhythm in and out of me, slapping into my ass as he thrust and wiggled on the car seat. I drove back hard against him, no longer distracted by Snake Tongue's cock, though now his fingers were getting in on the action.

Having finished zipping himself up, he put his hands to more creative use and squeezed my clit gently between one thumb and forefinger, while he traced patterns in the clefts of my pussy with the fingers of his other hand. I came so quickly that I didn't even realize I was about to, but suddenly I heard my voice stop moaning and start screeching as a tumultuous orgasm blew all through my body, leaving my pussy feeling quivery and limp. The rest of my body was relaxed and exhausted.

Finally they dropped me at my house with my laundry, and I made a mental note to check out the laundromat some other Saturday. I wanted a chance to feel Snake Tongue in action again.

Sunday night I heard giggling and whispers from somewhere outside my kitchen window. Looking in my garden I found what appeared to be three local older teens, two boys and a girl. The girl was playing "Reluctant Virgin," but her giggling protests sounded phony to me. I think she would have come across if they hadn't all spotted me. Suddenly she ran off, pulling up her panties as she went. The boys got up as if to run too, but I stopped them. "You wouldn't want me telling anyone about this, would you?" I asked teasingly. They took me seriously and I played along.

"We weren't doing anything wrong," they insisted. "She's old enough and we weren't forcing her to do anything. Besides, we hadn't even done anything yet." The erections still throbbing in their jeans attested to that. I'd been amused as I stood there, watching the boys struggle to stuff their rigid cocks back into their pants. I shivered a little; even in the South it gets chilly at night in the winter. Well, I was now determined to make those boys warm me up.

"Let's see what she was turning down," I said, and when they didn't get my drift I spoke plainer. "Unzip and show me what you've got—both of you." They were all a little slow, so I threatened them with "Do you want me to tell everyone what you were up to with that little chippy in my backyard?"

The first boy said, "We

B04-BLAIR

Lifting myself off the still-hard cock of the first young man, I pushed the second one onto his back and straddled him. His dick was shorter but thicker, and it filled me up nicely

weren't doing anything!" But the other one was already unzipping his pants with a fair amount of eagerness. He was beginning to get the picture. "Would you like to touch it?" he asked.

I did want to touch it, very much. He had a healthy one, good-sized and plenty hard, and I figured he could last for hours. I was right, he did. And I did more than just touch it; I swallowed it whole with my hungry pussy and rode that young buck like a champion cowgirl rides a bronco. He did buck a lot too. I held back from coming while he came four times without going soft, pounding his cock up my cunt at top speed, ramming it in like he was drilling for oil.

I do believe he would have kept it up for another three hours, but finally his friend asked, "Don't I get a chance?" He'd already tried to distract me by fingering my ass, and in fact he'd had one orgasm too. Watching the two of us wildly humping in the moonlit backyard, he'd had a hard time keeping his hands off his cock. Finally, even though he wasn't stroking himself off or even touching himself, he'd spurted his hot semen onto the cool ground and one drop had splashed onto my leg. In no time he was up and running again, though, and there he was with as solid an erection as I ever had the pleasure of cramming into my willing pussy.

Lifting myself off the still-hard cock of the first young man, I pushed the second one onto his back and straddled him. His dick was shorter but thicker, and it filled me up nicely as I rode him like a champ. The first guy stood over me, stroking his cock and aiming it at me; I could see him out of the corner of my eye as he stood near my left shoulder.

I think it must have been the soft splash of his warm cum hitting my shoulder that made me finally let go the orgasm I'd been holding back for so long. But once I started coming there was no stopping me and I had a series of three orgasms in a row—one real body shaker and two of them that felt pretty damned good too. In the middle of all this the boy I was riding let go with a hard shot of cum, shooting it deep into my pussy accompanied with one hell of a yell.

I put my arm to his mouth to stifle the scream. I jumped up quickly, afraid the neighbors would come running and catch me the way in the act. Sure enough, one of the neighbors had heard the scream; not three minutes later the doorbell rang. As I tried to make sure the grass was out of my hair and the fluids were off my face, I ran for the door and opened it to find a very handsome cop.

"You all right?" he asked. "One of yours neighbors said they heard a scream. They said they knew your husband was out of town and they thought maybe you were having some trouble..."·His voice trailed off and I wondered what tell-tale sign he had spotted. Grass stains? Wrinkles in my clothes? A guilty expression? Maybe I simply reeked from pussy Juice and plentiful deposits of cum.

"I found some young guys in my backyard, but it's all right. They weren't causing any problems. I took care of it, Officer."

"I bet you did," the cop said, grinning from ear to ear. "But maybe I should go around with you and check out the yard again to make sure there's no one else out there." Just then his two-way radio crackled. He removed it from his belt and answered the call, then said he had to leave to take care of a robbery in progress. "But maybe I ought to stop by tomorrow, if your husband isn't home—to make sure you don't have any more intruders, I mean." I looked at his muscular arms, tanned face, easy grin and broad chest, and I smiled in affirmation.

Well, that copy didn't stop in the next day, but the washer repairman sure did. It was neither the Italian stud nor the wimpy kid but some blond-haired, blue-eyed dreamboat. It only took him 10 minutes to figure out the trouble with the washing machine, so while I put up a load of sheets I did a little cleaning on him too. I cleaned out his balls, sucking them dry. Then, after he'd gone

down on me and slurped my pussy into a lathery wetness, we sat on top of the washing machine—me on his lap, facing him—and took a long, slow ride on the machine during the Spin cycle, with an unbalanced load in the machine for greater vibration. I felt his half-hard cock come alive again within me, under the prodding of the machine's actions. I rode him through four resets on Spin, never moving much on our own but letting the machine nudge us inexorably to a quiet but powerful and simultaneous orgasm.

I waited up past midnight, hoping the copy would make his way back. Then I went to bed and fantasized about what he'd be like in bed. The thought alternated in my mind with pictures of that washing machine repairman. I should have put his small-sized cock to better use, I reflected, and pictured it lodged firmly in my ass. With that thought burning in my head I diddled myself to sleep.

Tuesday afternoon I went to visit my friend Felicia. She lives in a fancy apartment building and her doorman is always asking if he could come over and show me just how attractive he thinks I am. But his work schedule is too close to my husband's and I've always had to decline. That's why I went to see Felicia.

Before the doorman could even say anything I told him my husband was out of town, if he still wanted to come over. He said he would be getting off in about half an hour; I never even bothered going up to Felicia's. I turned around, went home, and showered.

I guess I was washing the wrong hole. When I saw the size of this guy's little pecker I realized I could put it to much better use: up my back door. He asked me where I kept the lube, but I told him to grease it up with spit. "That's the natural way, honey." And he did, running his tongue around me, in and out, in all the wrinkles and puckers till I almost didn't need his dick in there. He was fucking me so handily with his tongue. I wiggled my ass with the feelings he was shooting through. It felt so good and made me so hot.

Then finally he slipped his dick up my ass, sliding it easily in where his tongue had smoothed the way. I lunged forward at the first feel of his dick skewering me from behind and he dug his nails into my back and shoulders, holding on for the ride. I gave him a good ride, too. Hot as I already was, the feel of his cock up my ass had my pussy in heavy-duty palpitations. And I could feel each instroke of his dick in my pussy as clearly as if he'd been giving it to me in that hole instead of the other one around the back.

His endurance never had a chance to be tested. I collapsed into a shaking and sobbing high-energy orgasm within a very few minutes, leaving him a clear field to plunge his dick with one last hard shove and spew out his sperm into my bowels. My pussy was still throbbing as I lay there, exhausted and contented, feeling his dick shrink its way out of my butt. As it shrank out it caused little tremors to run through me with every scrape along the rim of my asshole.

After his quickie but-goodie I thought that was it for the evening when he left, so I soaked myself in a bubble bath. At 12:15 a polite knock on the door brought me from the living room, where I was hemming up a dress, to the window at the door, where I saw my policeman friend. "I noticed the lights so I figured you were still awake. I wanted to make sure you weren't having any more trouble," he said. But he couldn't keep a straight face. He wasn't even in uniform; he'd got off at midnight. Naturally I invited him in and he got off two more times that night.

His technique was so-so, neither the worst nor the greatest, but his size made up for it. He packed a weapon any police officer would be proud to carry. I didn't measure his cock, but if that pistol wasn't at least eight inches I'm turning in my dildos and vibrators and taking a vow of chastity. It was wide too, and it was darker in color than

I guess I was washing the wrong hole. When I saw the size of this guy's little pecker I realized I could put it to much better use: up my back door.

He had caught me by surprise, and before I had a chance to pull my hand away I did feel it. And it felt worth investigating, so I did just that.

I'd expected and hairy around the base and the balls. And when it became fully erect it was mottled in appearance, red streaks mixing with flesh tones and blending in, so it looked like a big, furious dick!

I just had to suck it! I engulfed it in my mouth and savored the taste and texture from tip to root, exploring every bump and curve and indentation. He shoved it so hard it hit bottom in my throat, gagging me, and every time he shoved it in my mouth my pussy grew hotter and clamored for attention.

My motions became rapid and persistent, sucking the fuck juice out of him as I squeezed his scrotum with my hands till I felt it tighten up and I knew he was about to give. Taking a deep breath so that I'd be ready, I welcomed his outpouring of thick cum and swallowed it all down eagerly. Then he turned around and zeroed in on my pussy.

He was an expert tongue man—stabbing at my liquid depths one minute and rubbing my clit with the rough flat of his tongue the next, then running the point of his tongue all across my labia and tantalizing me further. His method was slow but insistent as he pushed me closer and closer to the orgasm my entire body was begging for. I humped my ass all over the couch and flailed around so wildly that my wet pussy kept rubbing all over his face, coating it with my sticky juices. A shudder and a scream and there I was. Meanwhile, he'd gotten hard again so we 69ed to a shattering, simultaneous come.

I was fucked out, and after another bath I collapsed in bed and slept till 11 the next morning.

Once again I had missed the mailman, but he left a note in my box. It was unusual for this many days to go by without him seeing me. He usually delivers something more than the mail at least twice a week. And he wasn't the only guy missing me that week. I did nothing sexual on Wednesday evening, but Thursday I discovered a different boy was delivering the evening paper.

Our usual delivery guy was on vacation and had given the route to his disabled cousin. The cousin limped badly and had no use of one arm, but I soon learned there was nothing wrong with his dick or tongue; they both worked fine. Mine was the last paper he delivered, so he didn't have to rush right out.

He didn't rush at all. He told me how his cousin had always told him how hot I was. I didn't even know he had noticed. When I smiled, instead of getting angry the cousin reached over and stroked my arm. Then he stroked my leg. Then he took my hand and suddenly placed it on the crotch of his pants. "Feel it," he said. "You made it get like that." He had caught me by surprise, and before I had a chance to pull my hand away I did feel it. And it felt worth investigating, so I did just that.

Hot as he was, he knew how to warm me up. First he plugged my pussy with his tongue and then pulled it out like a cork from a bottle. My insides went pop, as if there was champagne in my cunt. I shivered. He twirled his tongue around my clit, circling it over and over, till I was on the verge of coming. He knew I was close, so he stopped. Nothing was wrong with his mind either!

That cock of his was magnificent and enormous. He rammed it up inside me, filling my cunt till I knew he any more inside me, yet it felt like it kept on growing. "Oh, fuck me!" I screamed at him, pounding his shoulders with my fists. He came, stayed hard, and then came again. I could feel every spasm, jerk, and spurt. Waves rolled through me. Was it a lot of orgasms or one ongoing come?

I was filled with him, stuffed beyond my wildest dreams. He pounded me from within and I kept on coming—and so did he. Where did he get it all? Through it all his tongue in my mouth echoed the motions of his cock. Finally, when there was nothing more to give me he said "Thank you." I sank back, riding on a wave of euphoria. He was thanking me?

Saturday my husband returned home and I was very glad to see him. I think the mailman and the others who'd missed me that week were glad to see him too.

HOLLY & FAITH

These two were the cute little girls next door that've grown up to be really hot babes. They've turned into pleasure machines that know when to turn themselves on -- and off. Fortunately, we only seem to get turned on -- and on.

THE MAN CAVE

CURSE OF THE FIRE WITCH

PUT ON THAT SMOKING JACKET YOU HAVE STUFFED AWAY IN THE BACK OF YOUR CLOSET. PULL OUT THAT VINTAGE SMOKING PIPE OF YOUR DAD'S AND KICK BACK IN YOUR FAVORITE RECLINER AND ENJOY A READ LIKE THE DAYS BEFORE THE INTERNET. NOTHING IS MORE EXCITING THAN TIME ALONE WITH YOUR IMAGINATION.

I recently joined a Men Only reader's group. It's about five of us and we meet every other week at someone's house. The host would have his wife leave for the night and we'd break out the beer and the books. Tonight it's my turn to host and I offered up the Man Cave for the night. It was also my turn to pick the book and the sassy young lass that would read it. Yes, we invide a cute, hot babe to do the reading – and that's all. My choice is a little known "Curse of the Fire Witch"*. I remember getting a hold of this years ago in college and it was a real turn on. Enjoy...*

Lungs burning, legs on the verge of collapse, Elaine fled across the rural countryside, never once risking a glance at her pursuers.

Had the gasping young woman done so she would have seen that the relentless trio were gaining ground. The point man's torch bored through the darkness, giving the group a considerable advantage. Elaine could scarcely see a thing, the full moon failing to penetrate the dense canopy of trees beneath which she ran for her life.

"Get her!"

"Don't let the evil escape!"

"Run her down!"

The men's threatening voices prompted her onward. She pumped her arms and legs as best she could, cursing the lengthy hem of her dress which

severely restricted her movements.

If they caught her . . .

Elaine's face twisted with abject terror as she recalled the awful screams, the nauseating stench of burning flesh . . .

Elaine had watched with the rest of the townsfolk as poor Mary had been tethered and set afire. There had been others before Mary. And there would certainly be more, starting with Elaine, if she didn't manage to elude her chasers.

"Blasted dress!" she uttered, nearly tripping on the material as she plunged down a small hillock. It would be the death of her, she knew.

Against her better judgment, she glanced over her shoulder. They were practically on top of her. The leader's maddened visage glowed evilly. She cried out, tried to lift her knees higher, but it was no use. She was too tired, the dress too long.

And then she fell, crashing to the ground in a heap of flailing limbs. No sooner had she toppled than Elaine tried to push herself up. A mud caked boot pressed against her forehead.

"Stay down!"

It was over.

They had her, another witch for the stake . . .

Like the unfortunate women before her, Elaine had been tried, convicted, and set ablaze, all within a week of her capture.

The fiery spectacle was still fresh in the minds of the three men who had witnessed it that afternoon, the same men who had captured the witch just last week, fueling a night of drunken revelry which they intended to cap in stupendously fornicating fashion.

The whore's name was Bonnie; she worked in the tavern where the men had been drinking. The proprietor permitted her—for a proper cut, of course—to use the attic room for servicing her clients.

Now she was doing just that . . .

"Rut her good, Martin!"

"That's it! Give it to her!"

Martin, the group's self-appointed leader, fucked the whore with frenzied thrusts. She lay on a narrow cot beneath him, her legs spread, her fingers digging into his muscular shoulders as he humped and pumped.

The fiery spectacle was still fresh in the minds of the three men who had witnessed it that afternoon, the same men who had captured the witch just last week...

"Okay, Mic," he announced, rolling off and looking at his friend, "come and get your sloppy seconds . . ."

"Hey," Bonnie said, "you didn't even come!"

Martin grinned. "I'm saving it, dearie." Then he winked at Mic. "And that goes for you, too. We're going to give her a load to remember, three ballbags full, right in that pretty puss of hers . . ."

Sidney and Mic had flipped a coin to determine who would follow Martin. Mic had won. Hoping to press his luck, he chanced an emasculating rejection by asking Bonnie if she would let him poke her in the arse. Bonnie, too tired to argue, rolled over and spread her ample ass cheeks, giving him a generous gander of her pink bunghole.

Mic just stood there, rooted to the floor, utterly mesmerized . . .

"Well, come on," she said. "I ain't got all night. Time is money, you know. And she don't bite. Not unless you're a turd . . ."

Sidney and Martin laughed uproariously at her crude joke, their cacophonous outburst propelling Mic into action. He hunched behind her and guided it home, plunging his cock into her pooper.

Bonnie's big ass and wide hips served her well as Mic hammered her with savage thrusts. Still, he held back. Martin had told him to save it, and he always did what his friend told him to do.

"Okay," Mic said, pulling out of Bonnie's backdoor. "She's all yours, Sid."

Sidney sat in a straight-back chair and had Bonnie ride him reverse-cowgirl style, fondling her big tits as she pogoed in his lap. She rode him expertly, bringing him precariously close to the edge before climbing off his stiff pecker.

She knew exactly what Martin had in mind. It wouldn't be the first time a group of randy johns had exploded on her face. She crouched beside the cot, pressing her tits together and opening her mouth wide.

Martin, Mic, and Sidney formed a semicircle in front of her; leering drunkenly, they jerked their pricks in anticipation of creaming her countenance good and proper . . .

That's when Bonnie smelled smoke. "Huh . . ."

She did a doubletake, convinced that her eyes were deceiving her. But no. The smoke was no figment of her imagination. The smoke was quite real. And it was seeping from the three erect pricks staring her in the face, a sinuous tendril emanating from the tip of each swollen glans.

Martin frowned. "Mother of—"

WOOOOSSSSHHHH!

His cock burst into flames . . .

As did Mic's.

And Sidney's.

The men screamed as one. They hopped about violently, slapping their blazing crotches. Bonnie, shielding her eyes from the conflagration, flung herself onto the cot. The screaming continued, rising to a shrill pitch. The men jigged crazily, colliding with one another beside the curtained window. The fabric ignited, intensifying the inferno which all but consumed the three witch hunters.

Martin, Mic, and Sidney formed a semicircle in front of her; leering drunkenly, they jerked their pricks in anticipation of creaming her countenance good and proper . . .

Their weight proved too great. The windowpane gave way, shattering with an ear-piercing shriek. They fell through, ripping the curtain from the wall, taking it with them, all the way down . . .

Barbara rushed to the jagged-edged aperture; she stood there, her face ashen, and peered at the cobblestones below. They lay in a contorted heap, unmoving, their necks twisted obscenely.

The flames had died with them.

Smoke, acrid and black, rode the night . . .

SANDEE & LISA

We got all dressed up tonight to go to a hot club's grand opening. When we got there, we were told it was next Friday! That didn't stop us getting our groove on. We went to another club and headed up to the VIP room, and decided this party was for just the two of us. Party on, girls!
